

Best destination to go skiing

- \* Resorts groups by being child friendly
- \* Resorts with lights to do nightskiing
- \* Resorts that have snowparks
- \* Resorts with skiing zone during the summer

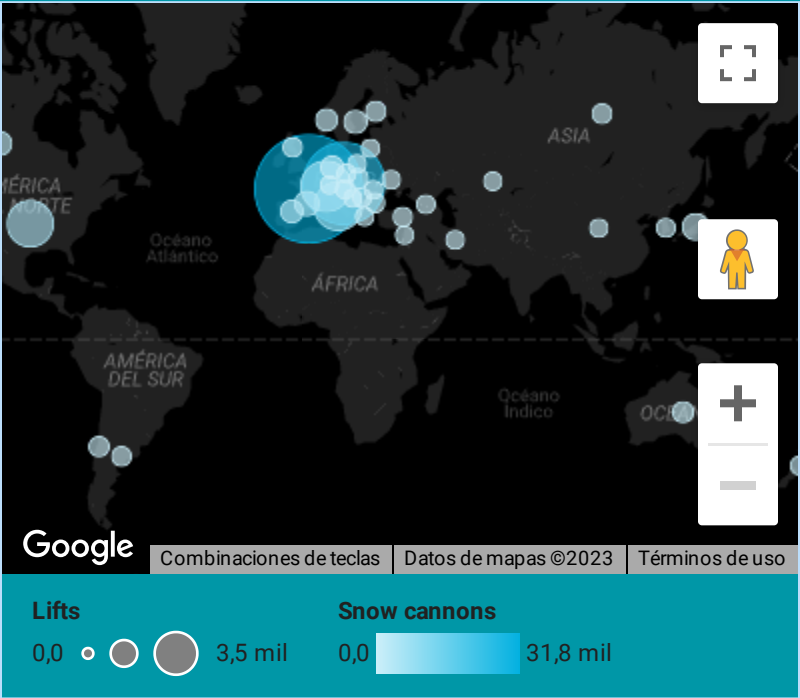

WHERE TO GO: selecting the continent and country to view the best choices between them and compare with the results

Continent

Country

A map to get the total of lifts and snow cannons in the countries

In order to choice considering the price's resorts and the preferable season to go

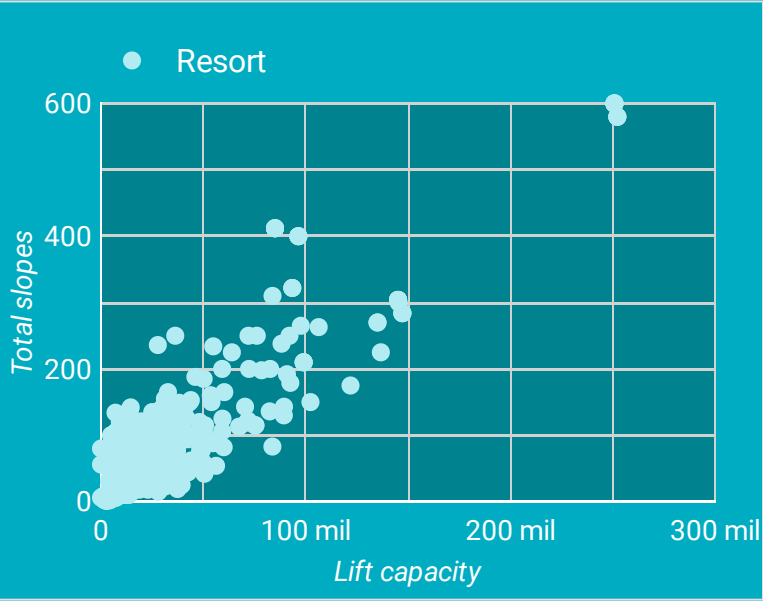

Resort	Season	Price
Beaver Creek	November - April	\$141
Breckenridge	November - April	\$140
Vail	November - April	\$127
Aspen Highlands	December - April	\$124
Aspen Mountain	November - April	\$124
Snowmass	November - April	\$124
Heavenly	November - April	\$120
Northstar California Resort	November - April	\$120
Keystone	November - April	\$120
Steamboat	November - April	\$120

1 - 10 / 499

The total lifts located on every continent within their respective resorts

With a positive relation like this they're giving them the idea, more slopes - more lift capacity

The resorts with a longer road usually have a height more tall to enjoy
